

Kia ora all

The Prime Minister has announced that schools are now closed, effective from 3pm today.

Staff will be here tomorrow for those students of essential community staff, such as doctors and nurses.

Our teachers will be at school tomorrow working on their online learning plans. The school leadership team were meeting at lunchtime when the announcement was made to discuss our plan moving forward

The school holidays have been brought forward, we are now on school holidays.

We would like to stress that this is a time to remain calm. From what we know, there are no cases of CoronaVirus in our school community. These measures are wise. Instead of chasing this virus, we can now get ahead of it and stop the rate of increase.

We ask you to follow the advice given. See this as an opportunity to play card games, board games, explore your backyard, all the while ensuring your children are safe and calm.

Again, we stress that we are here for you. Please do not hesitate to let us know if we can help in anyway.

Please, be kind to yourself and others. Stay safe.
