

Dear Parents/Caregivers/Whānau

Due to recent developments with COVID-19, we are looking ahead to what might be again and going into Alert Level 3 or 4 is a real possibility. At Alert Level 3, schools are open for Essential Workers only and we operate on a skeleton staff. At Alert Level 4, all schools are closed.

In preparation for this event, teachers have been looking ahead to ensure that students are able to continue with their learning at home. The learning will be the same or along similar lines as we did earlier in the year.

The majority of the learning at home, in Levels 3 and 4, is digital. The main reason for this is that it is much easier for teachers to share and monitor learning remotely. We understand that not all whānau have access to devices at home and we are giving you the option of your child using a school-owned device at home if Postgate closes.

Once your child has taken the device home they/you will be responsible for looking after the device and also maintaining safe use online as they would at school. The device will need to be returned to school once the school reopens.

If you would like your child to use a school-owned device at school you will need to sign the form below. By signing this form, you are agreeing to take responsibility for the device and that you will be liable for any loss or damage to the device. If you have any further questions please contact Kelvin – kelvin@postgate.school.nz.

Only children who have returned this form will be given a device, if we were to move to Alert Level 3 or 4.

Kind regards

Kelvin Harper
